Questions and bookings: Peter Dominey

peter@churchfromscratch.org

Over the years more than 100 church leaders have come to Essex on our Immersive and training experiences and we are looking forward to welcoming another small group of you to the next one.

Over the four days you will experience the pioneer work of Church from Scratch and our sister social enterprise. You will be joining in with structured reflection sessions exploring the underlying theology and ethics of these communities, and join in with a range of activities to help you meet with us, process the experiences and wrestle with arising questions for your own ministry.

As you stay in the home of a member of the church, eat with and experience the ordinary life of this incarnational church our prayer is that it helps you meet with Jesus in new ways.

We ask for £120 (students £60) towards food and other costs and to reserve your place. Numbers are limited to 6 people.
